Dear Rabbi Benjamin Zober, Rabbi Sara Zober, President Louie, and the Temple Sinai Board of Directors,

On behalf of the Northern Nevada Literacy Council, we thank you for your continued support through your synagogue library book drive where collections benefit the adult learners at the Northern Nevada Literacy Council. Our students are eager and appreciative of your reading materials.

Northern Nevada Literacy Council is a school for adult learners. These are students who, after life circumstances may have led them away from school in their youth, are returning to get their Certificate of High School Equivalency (formerly known as the GED) and foreign-born adults who are learning to read, write and speak English. Last year over 1,000 students were educated at our school.

Your donation is making a difference and is greatly appreciated.

Sincerely,
